injured body parts	incident notes
BACK%LEG	At recess was walking to her car and slipped on ice on the front steps.
RESP	Exposure to paint fumes and dust from draywall due to renovation at school. Has obtained Dr. note requesting to complete work from home.
RESP	Due to a suspected plumbing failure, rotten milk and other liquids began spilling through the back wall of the classroom above the sink. the odour was/is overbearing and has resulted in frequent headaches, dryness and irritation of the nose and throat, coughing and sinus congestion. Symptoms subside when the window is opened and a fan is placed in the window.
BACK	During class climbed up a 6 foot ladder then stepped on to a 7 foot book shelf to hang a poster. Not knowing the shelf was made of particle board, it gave and worker fell to the ground on his back.
RESP	Due to renovations at school employee is experiencing headaches as well as burning eyes, stuffed nose and sore throat while at school. Symptoms subside by Saturday evening being away from school, however Monday within a few hrs of returning to school congestion and headache returns. Has obtained Dr. note advising to work 1/2 days until construction has stopped.
